

## Call for Papers

**The annual meeting 2020 of DEGUWA e.V. on Underwater Archaeology**

**IN POSEIDONS' REALM XXV**

with the topic

*Economy and Logistics on Continental Waters in the Roman Empire*

will be held in close cooperation with the  
Archaeological Museum of the City of Frankfurt am Main

**from February 12, 2020 through February 16, 2020 in Frankfurt am Main.**

Besides the use of an extensive road system, shipping on continental waters was an important, fast and cheap itinerary for trade and armed forces in the heartland as well as the Roman provinces. Not only written sources witness thereof, but also numerous archaeological finds and findings of various types of ships, a large number of harbour facilities and emporia or wharves and bank reinforcements.

The conference shall give an overview on the current state of research. Studies from other geographical areas and different chronological positions will also be appreciated.

Furthermore, the spectrum of topics includes lectures on recent underwater archaeological researches. Reports on newly developed methods and techniques regarding nautical, underwater and wetland archaeology in general or the protection of the underwater heritage will also be appreciated.

You are kindly invited to send your application for a lecture or a poster appointing the title as well as your abstract up to 250 words (incl. two images), to the following email address:

**mail@deguwa.org**

**Please send your application until: October 31, 2019.**

All contributions will be published in SKYLLIS, journal for maritime and limnic archaeology and cultural history.

Detailed information regarding the academic programme, the extensive accompanying programme, the places, accommodations etc. will follow during November 2019.
